

AAC's Terms and Conditions

We would welcome an opportunity to work with you on a Master Service Agreement (MSA) that would incorporate our Terms and Conditions and Statement of Qualifications along with your Company's Contract. This would enable us to expedite an urgent request for rush analysis and help us to serve the needs of your Project Managers in an efficient manner on your Companywide system for ongoing projects.

We appreciate the opportunity to work with your Company.
For a copy of our current Terms and Conditions please contact:

Jaye Parmar
Vice President/Contracts
